

# Suspected Side Effect (Adverse Event) Reporting

Meda Health Sales Ireland Ltd monitors the safety of all its products. This includes review of safety data from clinical studies, and collection of reports and cases of suspected side effects for marketed products. This information contributes to the continuing safety surveillance of our products.

If you become aware of a suspected unexpected side effect, it should be reported to your local medicines regulatory authority, in line with requirements in your country.

In addition, if you become aware of a patient who has experienced a suspected side effect, pregnancy, overdose or unexpected benefits with one of our products, we would be grateful if you would contact Meda Health Sales Ireland Ltd on 01 802 6624, email [pv@meda.ie](mailto:pv@meda.ie) or complete the form below. Meda Health Sales Ireland Ltd will only use your details to contact you about your suspected side effect report.

This form has been created to make it easier for you to report a suspected side effect to any Meda Product.

By completing your details below you agree that Meda Health Sales Ireland Ltd or its affiliates may use the information that you have submitted for the purposes of:

- contacting you for further information on the suspected side effects you have reported
- disclosing information to regulatory agencies as required by law

You also agree that Meda may transfer, store and process the information outside the country of origin.
